July 2024

We've graduated!

It's a bittersweet time as we celebrate graduating but also waving goodbye to many new friends. Our class/housemates (right) came from the Netherlands, Singapore, USA and the UK, and we have lived and breathed ten weeks of college life together!

About En Route

'En Route' is the course we've been studying which has covered many topics from dealing with culture shock and transition, to looking at different world views and religions. It's been packed full of everything we need to help prepare us to live and work cross culturally! The experience of living in a community where over 30 different nations are represented has also been an amazing education! We've enjoyed meeting so many new people and hearing all their stories.

College life

Alongside studying, there's been plenty of football, volleyball, a multi-cultural themed night, community worship events and plenty of chores! We've also enjoyed exploring the beautiful grounds.

The first photo in the middle is our classroom and the next is where we ate all our meals. At the end of term was a big volley ball tournament - can you guess what our team's movie theme was?!

Coming up...

MAF Orientation Week

Our next stop is an orientation week with MAF International (MAFI). Together with other MAF families, we will receive more training from MAFI who manage the overseas programmes where we will be going. We are pleased that two of the families from the last ten weeks will join us and another family we met last year will also be there.

Leeds, Uganda and the USA!

Following our orientation week, we will head up to Leeds where Kathy and the kids will be based whilst Ed travels out to Uganda for seven weeks then the USA for five weeks. That's us for now; please send us your news - we'd love to hear from you!

Thank you so much for journeying with us; it means a lot! Please follow us on Facebook and Instagram if you can. Any questions feel free to get in touch.
